Why You Should Choose SunSetter:

- The highest quality, best value awning on the market. Save hundreds of dollars over custom awnings!
- Extends the use of your deck or patio. Transforms your deck into a cool shaded retreat where you'll love to spend time. Great for entertaining friends and family.
- Adds beauty and value to your home.
- Provides a sheltered area for your children, grandchildren, and pets to play outside.
- Helps prevent fading of your indoor carpets and furniture.
- Lowers your air conditioning costs by reducing inside temperatures. Your A/C won't run as much.
- Stays on your house year round – just rolls up when not in use.
- Many styles, sizes and colors to choose from. You're sure to find the perfect awning for your home.

5-Year Limited Warranty on entire awning, including motor, remote control, fabric, and frame.

SunSetter's Key Features Benefit You...

Feature	Benefit
Good Housekeeping Seal 	SunSetter awnings have earned this prestigious award recognizing unsurpassed quality products.
UL Approved Motor 	Proven product safety for your home & family.
5-Year Limited Warranty 	Industry leading support for your investment.
Skin Cancer Foundation Recommended 	Peace of mind about sun protection.
99% UV protection, as confirmed by 2 independent labs	Provides excellent protection against harmful UVA and UVB rays. SPF of 50+
Rich woven acrylic decorator fabric choices. Plus 100% waterproof laminated fabric in attractive colors.	Keeps temperatures under your awning up to 20 degrees cooler. Lowers air conditioning costs, prevents fading of indoor carpets and furniture.
Wind Resistant 	Withstands winds of 55-75 mph in controlled tests as performed by an independent laboratory.
Rolls up discreetly against your home	Doesn't need to be removed in winter — stays on your home all year long.
Powered by Somfy® Motors 	The world's best awning motor, for years of trouble-free operation.
Manual override	Awning can be closed manually in case of a power outage.
Aircraft quality aluminum arms	Won't rust or corrode. Maintenance-free.
Dual stainless steel cable system	Durability and strength for years of trouble-free operation.
Adjustable pitch (during installation)	Adjusts to the perfect angle for your home.
Fits just about any home	Mounting heights as low as 7 ft. 6 in. Installs over any kind of siding, including wood, brick, masonry, aluminum, and vinyl.
Roof brackets available for specialized mounting	Allows awning installation if 7 ft. 6 in. minimum height is not available.
Optional Protective Aluminum Hood	Year round protection for your awning when closed. Creates a uniform, pleasing appearance.
Integrated Front Weatherbreaker Panel on Motorized PRO and PRO XL models	Cuts 90% of sun, wind, and rain, while letting in air and light.

Awnings close snugly against your home for easy storage.

Shown with optional Aluminum Protective Hood (above), optional Roof Mounting Brackets (right, top) and optional Awning Cover (right, bottom)

Our Superb Quality Hardware is Maintenance-Free

- **Components are crafted from rust-proof, aircraft-quality aluminum for strength and reliability.**
- **Lateral Arms fold discreetly against the house for convenient storage. The awning never needs to be removed for winter.**
- **Double stainless steel cable lateral arm mechanism provides smooth operation and superior support.**
- **Baked-on cream-colored enamel paint creates a durable surface that never needs painting, and compliments all fabric colors.**

The SunSetter Remote Control

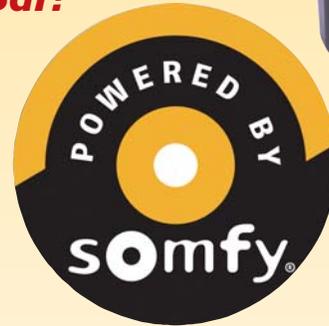

***Opens and Closes All Motorized Models
with One Touch of a Button!***

- **With our Remote Control you can operate any Motorized model from anywhere – even from inside your house.**
- **Open or close your awning in seconds, or stop it conveniently at any partial projection.**
- **The remote comes with a convenient holder that you can mount on the wall.**

Where's the Motor? It's Hidden Inside the Roller Bar!

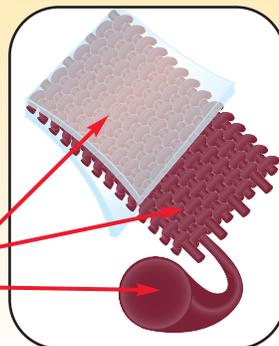

SOMFY Motor

- SunSetter motorized models are powered by Somfy®, the recognized world leader in awning motors.
- You don't see the motor because it's integrated right into the awning roller bar.
- So smooth and quiet, you'll scarcely know it's there.
- So reliable, it's covered by the SunSetter 5-Year Limited Warranty.
- Maintenance-free.
- Manual crank override included, in case of a power outage.

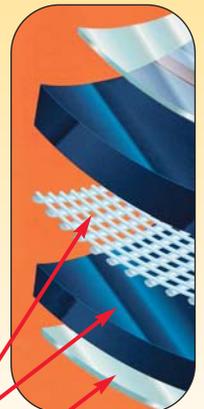

Choose from Two Great SunSetter Awning Fabrics:

Our elegant **Woven Acrylic Fabric** is a highly durable yet light-weight fabric with a beautiful, textured look and feel. It's water-repellent and 100% solution dyed, so the color goes all the way through the fabric and resists fading. Because our acrylic fabric is woven strand by strand, it lets us create an extensive selection of exceptional, rich, warm vertical stripes and solid colors not available otherwise. The stripe combinations are SunSetter exclusives. You get custom-made color and a luxurious look without the custom-made price — a truly beautiful look for your home.

- ◆ Protective coating top and bottom
- ◆ A center layer of woven fabric
- ◆ 100% solution dyed — the color goes all the way through each strand

Our **Traditional Laminated Fabric** is a heavy-duty, 100% waterproof, 5-layer fabric that features 2 thick color pigmentation layers, an inner scrim layer for strength, and two layers of clear coating top and bottom. The protective coating lets the fabric stand up to UV rays and wear and tear. This popular fabric is fade-resistant, and holds its color well. It's also flame and mildew resistant, and easy to clean.

- ◆ Dacron scrim for extra strength
- ◆ Two color pigmentation layers
- ◆ Protective coating top and bottom

Note: PRO XL and Motorized XL models available with woven acrylic fabric only.

Designer Color Choices in Woven Acrylic Fabric

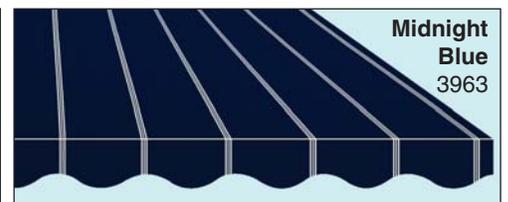

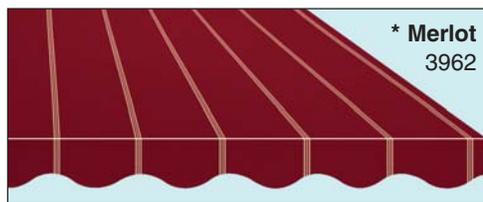

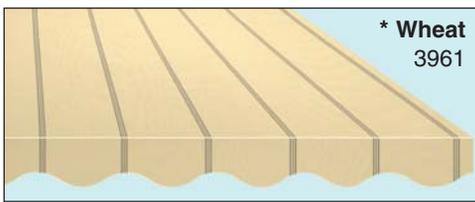

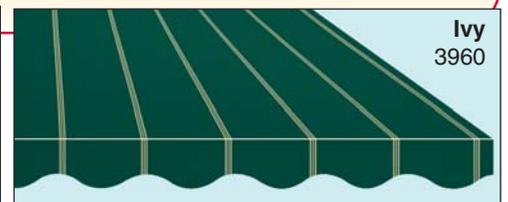

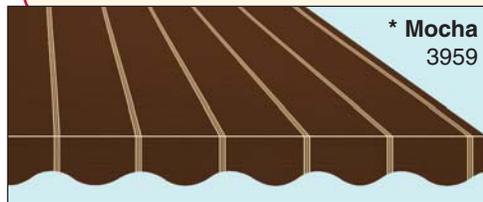

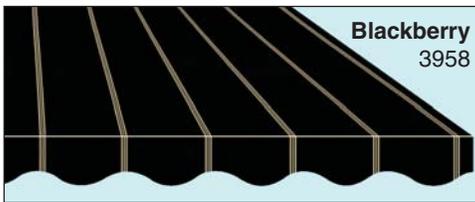

SunSetter[®]
WOVEN ACRYLIC FABRIC

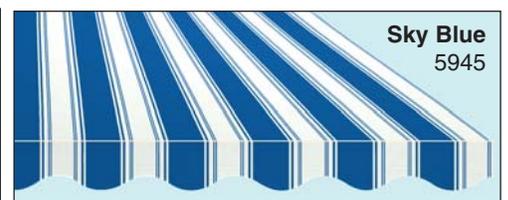

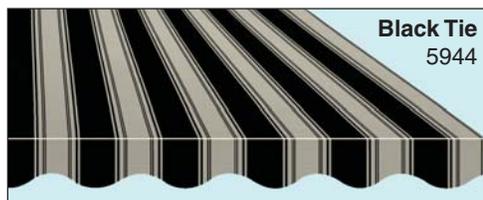

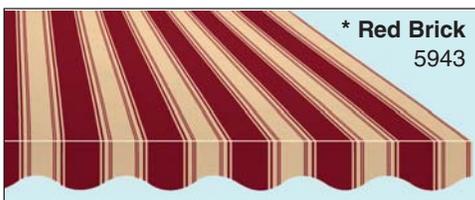

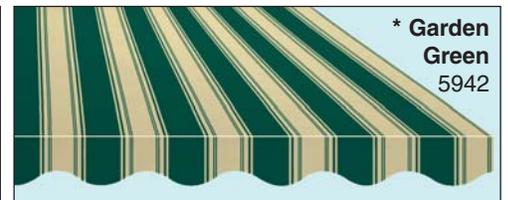

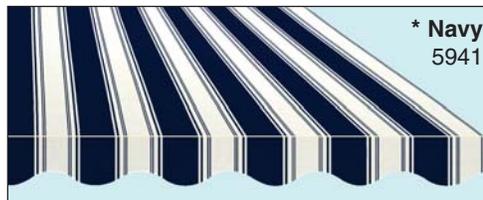

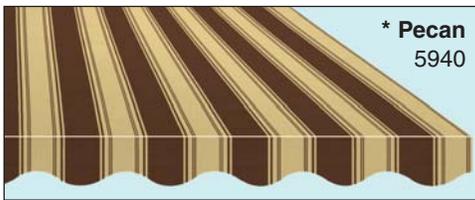

The Sonoma Collection[®]

SunSetter Woven Acrylic Fabric

- ◆ 100% solution-dyed, water repellent fabric
- ◆ Blocks 99% of harmful UVA and UVB rays
- ◆ Up to 20 degrees cooler under the awning
- ◆ Protective coating top and bottom
- ◆ Skin Cancer Foundation approved
- ◆ 5-year manufacturer's limited warranty

The Savannah Collection[®]

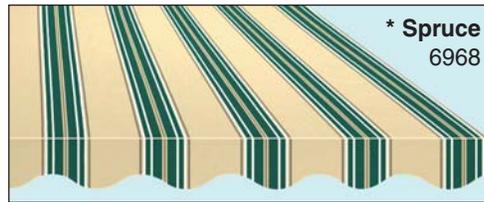

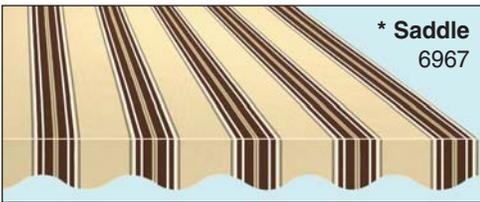

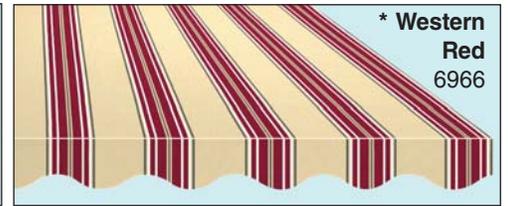

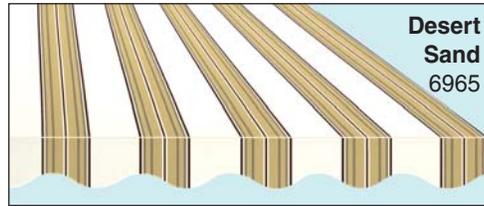

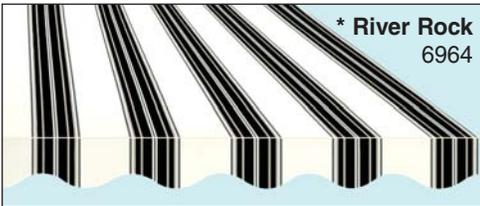

Beautiful solid colors and elegant, rich stripe combinations available only from SunSetter!

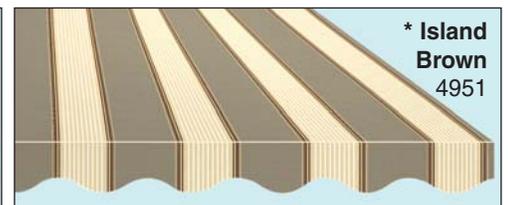

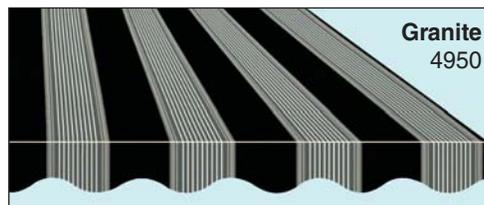

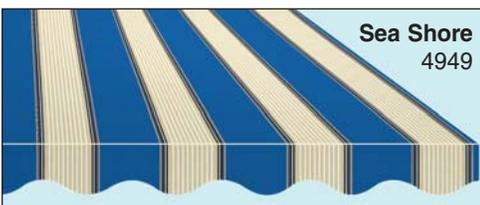

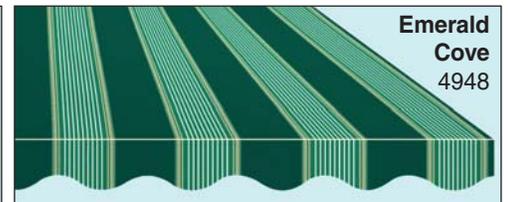

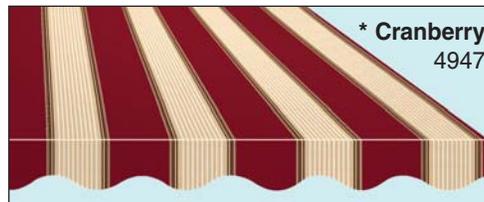

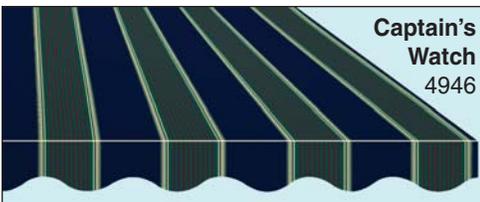

All the vertical stripes and solid colors shown on these pages are created especially for SunSetter using a 100% solution-dyed, water-repellent acrylic fabric with a lovely woven texture that lets us offer you an extensive selection of luxurious, rich, warm, stripes and solid colors. You're sure to find a design that looks like it was custom made for your home. In fact, our acrylic fabric is the same superb quality found on many custom-made awnings — but without the custom-made price. This fabric offers beauty and value without compromise, and a wealth of design choices you'll love.

Optional 5-Year All Weather Limited Warranty

It's the best protection for your awning investment...

The standard SunSetter 5-Year Limited Warranty covers defects in materials and workmanship for 5 years on a pro-rated basis. But the optional **5-Year All Weather Limited Warranty** goes beyond that to give you the ultimate in worry-free peace of mind. It covers the frame and motor, not only for defects, but wind and weather damage as well — for a full five years, with no pro-rating. And if a replacement fabric is needed for any reason, it is guaranteed to cost less than half its list price. It's the best awning warranty in the business, and the best protection of a new awning investment. See details in the warranty terms and conditions.

RETRACTABLE AWNINGS

Popular SunSetter Accessories to Enhance your Awning

Make Your SunSetter Even More Versatile...

Protective Awning Hood

- Keeps your awning clean and beautiful.
- Extends fabric life.
- Provides a pleasing, uniform appearance and a perfect "finished" look.
- For SunSetter lateral arm models.
- Highly recommended for roof mount installations.

Wireless Wind Sensor

- Only for awnings with motors.
- Closes your awning automatically on very windy days.
- You set the sensitivity. Easy to use. Battery powered. Made by Somfy.

Roof Mounting Brackets

- Allows for mounting the awning on the roof when it can't be mounted on the wall or under the eaves or overhang.

Awning Cover

- Protects fabric from dirt, cobwebs, etc.
- Protects the awning fabric from harsh sun when not in use, extending the life of the fabric.

Roof Mount (shown with protective Aluminum Hood)

Optional Roof Mount Brackets

More Great SunSetter Accessories

Side Weatherbreaker

- Blocks 90% of sun and wind, but lets in air and light!
- Made of sturdy, cream-colored vinyl screen that attaches easily to either side of your awning.
- Helps provide privacy.
- Removes easily.

Slide-in Front Weatherbreaker

- Blocks 90% of sun and wind, but lets in air and light!
- Made of sturdy, cream-colored vinyl screen that slides into a groove in the awning front bar.
- Helps provide privacy.

Patio Lights

- Enjoy your awning during the evening hours and at night.
- Made of tough, unbreakable Lexan, these beautiful weather-proof lights take standard 60 watt bulbs (not included) for plenty of soft illumination.
- Sold in a set of 6 lights with a stretch coil cord and 20 additional feet of cord between the plug and the first light.
- UL and cUL listed.

Other Popular Products from SunSetter:

SunSetter OASIS®

- Available in two sizes: 10 ft. x 16 ft. and 10 ft. x 12 ft.
- Stable on any level surface
- Opens and closes in 60 seconds
- Cool shade wherever you want it
- 99% UV ray protection
- Retracts when you want to enjoy the sun
- Superb quality, easy operation
- Woven acrylic fabric in 16 color choices
- Bronze finish aluminum frame
- 5-year limited warranty

Fully Retractable! Put it on your Lawn, Poolside, on Your Deck or Patio, or Any Place You Need Shade.

WIND RESISTANT
SunSetter Oasis Awnings withstood winds of 30-50 mph, in tests by an independent laboratory.

Remote Control

At a Glance...

Oasis Freestanding Awning: In two sizes: 10 x 16 ft. and 10 x 12 ft. Motorized & manual versions available. 16 woven acrylic fabric choices. (See colors marked with a * on pp. 12 - 13.) 24 ft. cord on Motorized models.

Finally, an awning that goes almost anywhere! Freestanding and self-supporting. Strong, stable feet let you put the SunSetter Oasis on grass, gravel, stone, wood, brickwork or any flat surface. Perfect for lawns, poolside, or anywhere you want beautiful shelter. A great alternative when obstructions prevent you from installing a traditional SunSetter on your deck or patio. Available in both motorized and manually operated versions. Superb quality, with a 5-year limited warranty. It can be left outdoors all year, and is easily retracted when not in use. In woven acrylic fabric in 16 color choices (see the colors marked with an * on pp. 12-13). Protective Cover included. Available accessories: SunSetter Patio Lights, Cleaning Kit, and Wireless Wind Sensor (motorized models only).

SunSetter EasyShade®

Motorized & Manual Models!

These easy-to-use vertical solar shades are the perfect solution when you want privacy, shade, and breeze protection. So much better and sturdier than conventional blinds or rattan curtains. Great for your porch, slider, gazebo, pergola, or other outdoor structures. Durable vinyl mesh blocks 90% of sun, wind, and mist yet lets in soft, filtered light and air. Keeps the inside of your home cooler when installed in front of large windows or doors.

- Available in Cream, Charcoal, or Desert Sand vinyl screen.
- Retracts into a streamlined, rustproof aluminum storage housing with your choice of Cream or Bronze finish.
- Available in 4 ft. to 12 ft. lengths, in 1 ft. increments.
- Extends down to 7 ft., but can be partially rolled down.
- Superb quality, easy to clean, mildew-resistant — maintenance free!
- Rolls up and down perfectly straight every time.
- No uneven edges, no cords to tangle!
- Manually-operated versions include bungees and hooks to secure at corners. Crank loop located on the right side.
- Motorized models roll up and down on cables for perfect tracking every time. Remote Control included. Motor available on left or right side with 12 ft. plug-in cord.

At a Glance...

EasyShade Solar Screens: 4 ft. to 12 ft. lengths, in 1 ft. increments. Motorized and manual versions available. In Cream, Charcoal or Desert Sand, with your choice of Cream or Bronze finish housing.

Housing available in cream or bronze finish

Another Way to Outsmart the Weather...

At a Glance...

Model 1000XT: 10 ft. 2 in. projection. Must be fully extended. Widths from 7 to 20 ft. 100% Waterproof Traditional Laminated Fabric.

The SunSetter Model 1000XT Awning

(Non-Motorized, with Support Arms)

- This **easy-to-use manual awning** has support arms that can be set vertically on the deck surface, or angled back against the house. Great for breezy locations. Opens easily with an included hand crank. Up to 200 sq. ft. of coverage.
- **Traditional Laminated Fabric**, 100% waterproof.
- **Installs under low overhangs** as low as 7 feet.
- **Optional Screen Room** available. Enjoy your deck or patio insect-free!

Deck Plates (included) secure the support arms to the deck surface.

Need a smaller awning? Our Model 900XT has a 9 ft. projection and comes in all the same widths as the 1000XT. Screen Rooms are available for it, too! Have a low mounting height? The 900XT fits under overhangs as low as 6 ft. 8 in.
